CEO, AQUAMARINE CAPITAL

I believe it was around 5 or 6 years ago that Matthias got in touch with me and came to my office to record a video. I was delighted to meet Matthias who instantly put me at ease. What struck me the most, was the extraordinarily high quality video that came from such an unassuming, hassle-free set-up: two simple cameras. This truly shows Matthias' added production value. His reputation and ability to know exactly the right questions to ask have led to the video getting, to this day, many hits.

I have received so much good feedback from it and it has resulted in countless positive outcomes for me personally. Matthias operates in a highly unobtrusive way making the whole experience genuinely pleasant. I have very fond memories of the simple afternoon during which we sat in my office library whilst I discussed my investment philosophy. I cannot emphasize enough how positive this experience was for me and highly recommend it to anyone who wants to do it and who is lucky enough to be invited by Matthias to record one of his videos.

I just had a chance to view your Legends and Leaders video interviews and think they are brilliant. I have just recommended the links be included in the MyCFA program... The interviews will be able to be viewed by 100,000 members and 200,000 candidates around the world.

I have done several videos with Opalesque, and they have always been great to work with. They consistently produce a professional product, and their platform enjoys wide viewership. Working with Opalesque can only add value.

As an emerging manager, our video with Opalesque was instrumental in drumming up brand awareness. Years after the fact, it serves as a valuable way for investors to further understand our investment philosophy and worldview. Matthias was also very helpful in creating a set of relevant questions to help elucidate the finer points of our strategy. Given its strong brand and widespread distribution, I strongly recommend investment managers consider Opalesque videos as part of their marketing strategy.

Sincerely,

Another year past; another year closer to Opalesque joining Bloomberg, Thomson Reuters, Morningstar as the premier financial news and data providers.

CHRIS BENTLEY, GROSVENOR CAPITAL

I would like to express my appreciation to you and to Opalesque for being afforded the opportunity to appear on Opalesque TV. It is a great forum from which I could share with such a wide and relevant audience the merits of investing in South Africa and in the African continent and to showcase Visio Capital's investment activities and process.

I have received a lot of favorable feedback from people, some of whom I had not heard from for a long time. You have a diverse audience indeed. Even my mom in France was very very proud of me...and that is hard to achieve at the best of times...

It was a privilege to have been featured on Opalesque TV.

Thank you once again.
Best regards,
Patrice

As a marketer, my objective is always on economical, efficient, expedient and effective buy-side impact, which is vital in a highly-competitive, hyper-stringent and crowded space. My Opalesque video optimally achieved that goal. A winning decision!

Opalesque TV is a great platform for investment managers to tell their story, in their own words, without the risk of the message being misinterpreted. Matthias is a great interviewer and asks the right questions, to ensure that the viewers gain detailed insights into the topic being discussed. The Opalesque TV website has become a treasure trove of interesting (free!) videos due to Matthias' hard work over the years.

JEAN PIERRE VERSTER

PORTFOLIO MANAGER, PROTEA RANGE OF HEDGE FUNDS (SOUTH AFRICA)

"The Opalesque videos are a clever solution to the persistent problem of getting to know managers' style and philosophy within a dizzyingly large universe of possibilities and with increasingly limited time. More managers would be wise to step out of their 20th century shells to embrace the new economy of communication technology to find more efficient ways to convey their story and message to existing and prospective investors."

ADAM CHOPPIN,

MANAGER RESEARCH & INVESTMENT STRATEGY OF FIS GROUP

"Thank you Matthias and the Opalesque TV team for providing my solution to asset managers seeking to launch an investment vehicle in Europe with an extraordinary visibility. I have received a lot of favorable feedback from a wide and relevant audience. Matthias asks the right questions and focuses in the interview on the right message. Opalesque TV interviews turned out to be instrumental in drumming up brand awareness. It is a privilege to have been featured on Opalesque TV"
